WILL YOU BE THE OWNER OF A BUSINESS OR A MAN OUT OF A JOB?

The difference between the person who spends all his income and the one who saves part of it is the difference—in ten years—between the owner of a business and the man out of a job.

Won't you begin to save now? If it is but a small amount that you can spare today—save it; put it in the bank and add to it each month as you are able.

Now that you have decided to save where will you put your money? Will you leave it with Uncle Sam at the Post Office where you must leave it for one year and then get but 2 per cent interest on it or will you leave it with the Bank of Southern Utah, where it is just as safe as with Uncle Sam and where we will pay you 4 per cent interest and compound it every three months?

Do you know that if you leave your money with the Bank of Southern Utah it means that before you lose one cent the stockholders of said Bank would have to lose \$230,000.00. In other words it means that in addition to the amount of deposits that we have in trust for the people we have \$230,000.00 of our own assets as a guarantee for the safety of the deposits. Does not this look like safety for you besides paying you double the interest that Uncle Sam will?

We solicit your business whether large or small.

BANK OF SOUTHERN UTAH.

Get a copy of the Branch Normal "Student" and read the article on "Rama" contributed by Clifford Ashby. It is worth the money. You can get a copy at the Cedar City Drug Store.

It seems that no matter how much prohibition a town has there is more or less misuse of intoxicants by a certain few. Wonder if we ever will prevent the unlawful disposal of intoxicants.

Another number of the Branch Normal "Student" was published this week. It is a nifty magazine and the articles are all high class. Copies of it may be had by applying to the Cedar City Drug Store.

What's the use of having old rag carpets on your dining room and kitchen when you can get the latest patterns and best quality of linoleum at reasonable prices. Come and look over our new shipment.

Leigh Furniture & Carpet Co.

As usual the residents of the southern and eastern part of town have to do without culinary water certain parts of every week. Can it be arranged so that this will not happen so frequently? When there is a shortage of water in those parts of town it makes it very inconvenient as well as dangerous if a fire should happen to break out in some residence.

A Scrap.

The latter part of last week a couple of well-known town men got into an altercation over some small bet and the quarrel resulted in one of them getting knocked down and then kicked unmercifully in the head and parts of the body.

One of the combatants was arrested and placed under \$250 bonds to appear for trial.

The whole trouble appears to be that the men secured an over dose of "fire water" and as a consequence their passions were aroused and a quarrel ensued. Where the liquor came from no one knows so far, but every effort should be made to locate the seller and punish him accordingly.

LINOLEUM—When you are ready to renovate and clean up your home, you will want to put down some new linoleum, and of course will want the newest patterns and the best quality. We have just received seven new patterns and each is of the highest quality. Come and see for yourself.

Another Rabbit Hunt.

The sportsmen of the two wards will again contest their skill in the jack rabbit killing business on February 16.

Twenty men on a side will be the number and it is probable that the hunt will begin near Quitchapa and run north to the Cedar Fields.

Quite an enthusiasm is worked up because of the fact that in the other contests honors were even, and this time the championship will go to one side or the other and settle for all time the supremacy so much coveted.

It is understood that the hunt will be for an oyster supper and dance, the victors to be given their fill free of cost to them.

Parowan vs Cedar.

As will be seen by an advertisement in this issue of the Record there will be a grand basket ball meet, and in connection some very interesting gymnastic stunts.

The meet will be between Cedar and Parowan athletes and promises to be worth the money.

The grand event will take place Saturday March 9. Get ready to laugh your fill and see something of an extraordinary nature. The contestants assure all that they will work to entertain the patrons, and each town seems determined to carry off the honors.

Dr. F. J. Alexander of the above company will be at the Cedars Hotel, Cedar City, Saturday, March 2nd from 1 to 7 p. m. and Sunday, March 3rd until Parowan stage; at Orton's Hotel Parowan, Monday, March 4th, from 1 to 7 p. m.

There is said to be a lot of counterfeit ten dollar bills floating around the country just now, but we have no fear of connecting with any of them for we are not expecting anyone to pay us such an unreasonable amount, and we cannot get one in exchange, sure thing.
